National Smile Month

HAPPY BIRTHDAY! MARGOT

Margot Robbie was born 2nd July 1990, she is an Australian actress and film producer. Time magazine named her as one of the 100 most influential people in the world in 2017.

Margot studied drama at Somerset College and began her acting career in the late 00s. She landed a leading role in the soap opera Neighbours and appeared in that show from 2008–2011.

In 2011 Margot moved to America and starred in the short-lived ABC drama series Pan Am.

Her breakthrough came when co-starring in Martin Scorsese's biographical black comedy The Wolf of Wall Street. Her career continues to grow, with leading roles in films such as Focus (2015), the action-packed The Legend of Tarzan (2016), and the superhero film Suicide Squad (2016).

WHERE IN THE WORLD?

Smile!

It's National Smile Month

NATIONAL SMILE MONTH

National Smile Month is the United Kingdom's largest oral health campaign. Formerly 'National Smile Week' it is now one of the biggest not-for-profit dental health events in Europe; it attracts thousands of event coordinators and reaches millions of people with oral health information. National Smile Month is run by the British Dental Health Foundation (BDHF), a UK-based charity.

In 2018, the campaign is taking place between 14 May and 14 June encouraging all dental and health professionals, schools, pharmacies, community groups, colleges and workplaces - in fact anyone with an interest in good oral healthcare - to join in and help educate, motivate and communicate positive oral health messages, and improve the quality of smiles all around the UK.

Many schools are currently showing children how to look after their adult teeth as they grow, teaching them good habits that will last a lifetime. However, since 31% of adults have tooth decay and 29% suffer from regular pain due to their teeth, adult oral health has been a growing concern in the UK. Most shockingly, half the adult population are unhappy with their teeth! So this week is not just for children but for adults too.

National Smile Month will aim to teach these main tips:

1. Brush your teeth last thing at night and on at least one other occasion with a fluoride toothpaste.
2. Cut down on how often you have sugary foods and drinks.
3. Visit your dentist regularly, as often as they recommend.

A BIG THANK YOU

Thank you to our wonderful patients for all your referrals.

We really appreciate it!

What Our Patients Say About Us....

“PAIN-FREE AND STRESS-FREE”

I, and my family, have used 740 Dental for over 40 years (many years under its previous name) and cannot fault the practice in any way.

They are totally professional in all respects and invest in the latest technology and equipment: it is clear that they really do care about their patients.

I have recently had cause to have several procedures (not something anyone enjoys!) but James Coupe and all the staff ensured that it was as pain-free and stress-free as possible.

When I needed 'emergency' treatment on two occasions I was seen within hours. There are not many practices that would fulfil to this extent.

Mary Devereaux

“SO KIND AND UNDERSTANDING”

Angela O'Regan is a truly wonderful dentist. She is also always so kind and understanding. I truly do not know where I would be without her. Ruth is my dental hygienist.

She too is excellent and always so helpful in every way. They are both amazing and I am always so grateful to both of them.

Elizabeth Mills

“I DON'T DREAD GOING TO THE DENTIST”

Literally the best dentist I have ever been too!

I've always been scared and had huge anxiety attacks whilst in the waiting room but since moving here, Andrew has made me feel so comfortable and I don't dread going to the dentist. Lovely staff, can't fault anything!!

Ashleigh Meek
