National Smile Month

HAPPY BIRTHDAY! MARGOT

Margot Robbie was born 2nd July 1990, she is an Australian actress and film producer. Time magazine named her as one of the 100 most influential people in the world in 2017.

Margot studied drama at Somerset College and began her acting career in the late 00s. She landed a leading role in the soap opera Neighbours and appeared in that show from 2008–2011.

In 2011 Margot moved to America and starred in the short-lived ABC drama series Pan Am.

Her breakthrough came when co-starring in Martin Scorsese's biographical black comedy The Wolf of Wall Street. Her career continues to grow, with leading roles in films such as Focus (2015), the action-packed The Legend of Tarzan (2016), and the superhero film Suicide Squad (2016).

WHERE IN THE WORLD?

Guess Where in the World this famous landmark is and win a bottle of Prosecco courtesy of Farsley Dental Practice.

The first person to bring in this newsletter with the correct answer will be the winner. Good luck!

Smile!

It's National Smile Month

NATIONAL SMILE MONTH

National Smile Month is the United Kingdom's largest oral health campaign. Formerly 'National Smile Week' it is now one of the biggest not-for-profit dental health events in Europe; it attracts thousands of event coordinators and reaches millions of people with oral health information. National Smile Month is run by the British Dental Health Foundation (BDHF), a UK-based charity.

In 2018, the campaign is taking place between 14 May and 14 June encouraging all dental and health professionals, schools, pharmacies, community groups, colleges and workplaces - in fact anyone with an interest in good oral healthcare - to join in and help educate, motivate and communicate positive oral health messages, and improve the quality of smiles all around the UK.

Many schools are currently showing children how to look after their adult teeth as they grow, teaching them good habits that will last a lifetime. However, since 31% of adults have tooth decay and 29% suffer from regular pain due to their teeth, adult oral health has been a growing concern in the UK. Most shockingly, half the adult population are unhappy with their teeth! So this week is not just for children but for adults too.

National Smile Month will aim to teach these main tips:

1. Brush your teeth last thing at night and on at least one other occasion with a fluoride toothpaste.
2. Cut down on how often you have sugary foods and drinks.
3. Visit your dentist regularly, as often as they recommend.

A BIG THANK YOU

Thank you to our wonderful patients for all your referrals.

We really appreciate it!

What Our Patients Say About Us....

“I WISH I COULD HAVE GIVEN FARSLEY DENTAL MORE THAN 5 STARS”

Having had a fear of the dentist for years, I was very nervous about having treatment on a number of teeth. However that all changed when I was recommended Matt by my cousin who is also a dentist and recommended him. Farsley Dental Practice is unlike any dentist I have ever been to in my life.

-Thomas Dell’Apa

“HIGHLY RECOMMENDED”

“Farsley Dental have been absolutely brilliant. All their care team have been very friendly and accommodating, and Liam is a top class dentist who is highly knowledgeable and keeps you as a patient informed throughout.

Farsley were able to see me within three hours of my call for an emergency appointment which I really appreciated, and the environment is friendly and welcoming. Highly recommended”

-Jonathan Ward

“NO PAIN AND A FIRST CLASS SERVICE”

“I can honestly say that this is the best treatment I’ve ever had. My broken tooth has been expertly repaired, no pain and first class service. No hesitation in recommending John and his team”

-Jonathan Broadhurst
