HAPPY BIRTHDAY MARGOT ROBBIE

**You Could Be A Winner With
Where In The World?**

National Smile Month

HAPPY BIRTHDAY! MARGOT

Margot Robbie was born 2nd July 1990, she is an Australian actress and film producer. Time magazine named her as one of the 100 most influential people in the world in 2017.

Margot studied drama at Somerset College and began her acting career in the late 00s. She landed a leading role in the soap opera Neighbours and appeared in that show from 2008–2011.

In 2011 Margot moved to America and starred in the short-lived ABC drama series Pan Am.

Her breakthrough came when co-starring in Martin Scorsese's biographical black comedy The Wolf of Wall Street. Her career continues to grow, with leading roles in films such as Focus (2015), the action-packed The Legend of Tarzan (2016), and the superhero film Suicide Squad (2016).

Smile!

It's National Smile Month

NATIONAL SMILE MONTH

National Smile Month is the United Kingdom's largest oral health campaign. Formerly 'National Smile Week' it is now one of the biggest not-for-profit dental health events in Europe; it attracts thousands of event coordinators and reaches millions of people with oral health information. National Smile Month is run by the British Dental Health Foundation (BDHF), a UK-based charity.

In 2018, the campaign is taking place between 14 May and 14 June encouraging all dental and health professionals, schools, pharmacies, community groups, colleges and workplaces - in fact anyone with an interest in good oral healthcare - to join in and help educate, motivate and communicate positive oral health messages, and improve the quality of smiles all around the UK.

Many schools are currently showing children how to look after their adult teeth as they grow, teaching them good habits that will last a lifetime. However, since 31% of adults have tooth decay and 29% suffer from regular pain due to their teeth, adult oral health has been a growing concern in the UK. Most shockingly, half the adult population are unhappy with their teeth! So this week is not just for children but for adults too.

National Smile Month will aim to teach these main tips:

1. Brush your teeth last thing at night and on at least one other occasion with a fluoride toothpaste.
2. Cut down on how often you have sugary foods and drinks.
3. Visit your dentist regularly, as often as they recommend.

A BIG THANK YOU

Thank you to our wonderful patients for all your referrals.

We really appreciate it!

The Tooth Doctor - “*Pain Free!” Says Mrs Maclellan

People of Scotland, here at The Tooth Doctor we would like to ask you two quick questions.

1. Are you fed up with loose fitting dentures that always move around and fall out at the worst moment? And in public too? Or...
2. Are you embarrassed to smile because of crooked teeth?

If you have answered “**yes**” to either of the above questions then I can help. To request your free guides on either Straight Teeth or Dental Implants click on the links below.....

What Our Patients Say About Us....

“Pain Free! The Finished Result Is Marvellous”

“Having had an upper denture for 44 years I made the decision to have implants. From the outset all the staff made me feel informed and confident. The procedures were nothing like I expected. In fact pain free and will little after effect. The finished result is marvellous and very natural and I feel I have always had the implants. I would highly recommend this to anyone using Callum and his team.”

— **Marion E Maclellan**

“It Was A Painless, Hassle Free Procedure”

“I am delighted by both the treatment and the appearance of my implant crowns. It was a painless, hassle free procedure and I am extremely pleased with the outcome.”

— **Dorothy Louttit**

“The Results Were Unbelievable”

“My teeth stopped me from smiling and made me very self conscious. Callum was fabulous—he made me feel at ease and the results were unbelievable—better than I ever imagined. Thank you so much.”

— **Christine Jack**

“Best Decision I Ever Made”

“Having tried various options, including crowns and bridges, I decided to opt for a dental implant. Best decision I ever made. The end product is aesthetically pleasing and very practical. I would genuinely recommend it to anyone.”

— **David McKendrick**

“First Class Treatment”

“The treatment was first class from start to finish. I was fully informed of every step along the way and everything was explained fully. I would recommend the Tooth Doctor to anyone.”

— **Alexander Carmichael**
